## ADVANCED RESOURCES CO.

## ADV.RES. FACTORY

**ADV.RES.CO. Mechanical Steel factory:** has the professional steel & security door manufacturer, the only factory in Madina. We can produce steel door, security steel entry exterior door, commercial stainless steel door, steel fire door to your requirements. If you want more types of steel door, steel exterior door, steel entry door, steel security door, commercial steel door, stainless steel door, steel fire door, commercial steel entry door, steel security screen door, industrial steel door, bifold building door steel, wooden and steel door, stainless steel door handles, stainless steel access door. Please contact us.

*We are one of the prominent manufacturers, importers and suppliers of fire protection products that are highly efficient and durable. Our Products are available in customized solutions at reasonable price. We offer our clients a wide range of fire doors that are widely used in homes, offices, hospitals, departmental stores and malls. Our doors not only provide protection but are good in quality and appearance also.*

*Affordable performance*

- 1.5mm steel thickness offers strength and durability.
- Unique layering painting process provides superior rust protection.
- Wood graining is available in selected styles.
- Steel edge offers a 45-minute-2 hr fire rating, while wood edge provides a 20-minute fire rating for additional safety from the spread of fire.

*Energy efficiency*

- Polyurethane-core construction offers five times the insulation value compared to wood doors.

*Fire and Sound Resistant:*

We provide fire resistant and sound deadening doors with insulating foam made of polyurethane resulting from the reaction between a polyol component and an isocyanic component. Polyurethane core fills entire door cavity. Core is chemically bonded to all interior surfaces. High Impact resistance and excellent insulation characteristics.

*Styles and sizes for a variety of installations.*

ADV.RES. steel entry doors come in a variety of heights, widths and styles, offering complete versatility for any installation.

*Delivery, Installation and fitting:*

ADV.RES. provides the delivery of doors, frames and other material to the Customers location. We offer Clean framing systems promptly after installation in accordance with quality management system. Improved fire safety

**ALDEYAR**  
METAL BLDG. CONST. IND. LLC.

Honevcomh Core

Honeycomb Core is made from layers of paper or cardboard together by parallel & uniformly spaced lines of adhesive, light weight & high strength.

Glued to the interior surface of the door skin door leaf is the pressed for a couple of hours to maintain the flatness of the door.

Rock Wool / Mineral Core

**Rock Wool / Mineral Core** made from molten basalt rocks spun to fine fibers & bonded with thermosetting phenol resin used for thermal insulation.

Provide with suitable vertical stiffeners .  
Commonly used for our fire rated doors.

Steel Frame Construction
